TS1.4 LU

2.4 GHz digital wireless headphones

Product codes

TS1.4 LU: 23500049

The wireless Digital headphones TS1.4LI make high-fidelity audio transfer possible wherever you are. You just need to connect the transmitter through the suitable Line-in and USB port, to an audio source (computer, stereo HI-FI, MP3 player, etc.). The receiver gives you the possibility to change the signal source quickly and easily (up to 4 different channels) and to transfer wireless the audio signal to the receiver connected to the headphones included in the kit. If connected to a a computer it will be supplied directly thought the computer USB port without needing to be linked to an electric plug.
